

Veterans Home - Chippewa Falls

Family Update 7.7.2020

Good Evening,

We hope that you were able to connect with your loved ones this 4th of July weekend - whether that was over the phone, virtually, or through a window visit! Although this year's 4th of July looked different, we sincerely hope this day was a special one. Thanks to Chef Randy and his team for preparing a delicious meal with grilled chicken on Saturday!

We are delighted to share that we continue to have no diagnosed COVID-19 cases among members and staff in the care community! We have reminded members to let a staff member know right away if they feel ill. They also should wear their masks while they are out of their rooms or while staff are in their rooms.

As a reminder, if you choose to do window visits, please do so in a safe manner. We ask that you wear a mask while at the Veterans Home. Member windows need to be closed as to not allow the virus to spread, so bring your cell phone or tablet to best communicate with your loved one. Please be mindful of where you are walking. If you happen to encounter any members or staff while on the sidewalks, please maintain at least 6 feet of distance. We are also working on plans to conduct safe outdoor visits between families and members as soon as the state provides guidance on this.

If you have any questions, please feel free to contact me.

Best,

A handwritten signature in black ink, appearing to read "Megan".
